

TABLE OF CONTENTS

INITIAL STATEMENT.....	IS-1
EXHIBIT A — PROJECT DESCRIPTION	A-1
A.1 Project Facilities.....	A-1
Dam and Spillway.....	A-5
Headworks	A-6
Penstock Intake	A-6
Penstocks.....	A-6
Powerhouse.....	A-7
Tailrace.....	A-7
Access Road	A-7
A.2 Impoundment.....	A-11
A.3 Generation Equipment	A-11
A.4 Power Transmission.....	A-12
A.5 Additional Mechanical or Electrical Equipment.....	A-12
A.6 Lands of the United States.....	A-12
EXHIBIT B — PROJECT OPERATION AND RESOURCE UTILIZATION.....	B-1
B.1 Alternative Sites Considered	B-1
B.2 Alternative Facility Designs, Processes and Operations Considered.....	B-4
B.3 Plant Operation.....	B-4
B.4 Dependable Capacity and Energy Generation.....	B-5
Streamflow Data	B-5
Storage Capacity and Rule Curve.....	B-14
Powerplant Capacity and Efficiency.....	B-16
Tailwater Rating Curve	B-16
Powerplant Capability.....	B-17
B.5 System and Regional Power Needs.....	B-18
Load Information.....	B-19
Conservation Programs	B-20
Sale of Power.....	B-21
B.6 Applicant’s Plans for Future Development of the Project	B-21

EXHIBIT C — CONSTRUCTION SCHEDULE C-1

- C.1 Construction Schedule C-1
- C.2 Commercial Operation Date C-3
- C.3 Existing Facilities..... C-3
 - History of Project Development and Ownership C-3
 - Early Projects..... C-3
 - Enloe Era C-4
 - Historical and Remaining Project Facilities C-5

EXHIBIT D — PROJECT COSTS AND FINANCING D-1

- D.1 Construction Costs D-1
- D.2 Cost of Previously Constructed Unlicensed Facilities..... D-2
- D.3 Compensation for Takeover D-2
- D.4 Annual Cost..... D-3
- D.5 Value of Project Power D-4
 - Annual Value D-4
 - On Peak Value..... D-4
 - Off Peak Value D-4
 - Total Value of Project Power D-5
- D.6 Other Electric Energy Alternatives..... D-6
- D.7 Consequences of Denial of the License Application D-6
- D.8 Sources and Extent of Financing D-8
- D.9 Cost to Develop License Application D-8
- D.10 Value of On-Peak and Off-Peak Power D-8

SUBPART E.1 — GENERAL DESCRIPTION OF LOCALE E.1-1

SUBPART E.2 — REPORT ON WATER USE AND QUALITY E.2-1

- E.2.1 Introduction E.2-1
- E.2.2 Flows, Water Uses, and Project Discharges Stream Flows E.2-1
 - Water Uses and Discharges E.2-3
 - Water Discharges for Power Production E.2-3
 - Water Rights and Water Use E.2-3
 - E.2.3 Existing Impoundment Characteristics E.2-4
 - E.2.4 Groundwater E.2-5
 - E.2.5 Existing Water Quality E.2-6
 - Water Temperature E.2-6

Water Quality Standards for Temperature.....	E.2-7
2006 Temperature Monitoring Results.....	E.2-7
Dissolved Gas	E.2-18
Dissolved Oxygen	E.2-18
Water Quality Standards for Dissolved Oxygen	E.2-18
2006 Dissolved Oxygen Monitoring Results.....	E.2-19
Total Dissolved Gas.....	E.2-19
Water Quality Standards for Total Dissolved Gas.....	E.2-19
2006 Dissolved Gas Monitoring Results.....	E.2-19
E.2.6 Sediment Contamination	E.2-21
Sediment Quality Standards.....	E.2-25
2007 Sediment Quality Monitoring Results.....	E.2-25
Bulk Sediment Chemistry	E.2-25
Sediment Elutriate Analyses	E.2-28
E.2.7 Water Quality Impacts	E.2-30
Water Temperature.....	E.2-30
Dissolved Oxygen	E.2-30
Total Dissolved Gases.....	E.2-31
Sediment Quality	E.2-31
E.2.8 Prevention, Mitigation and Enhancement Measures.....	E.2-32
Water Temperature.....	E.2-32
Potential Impact	E.2-32
Proposed PM&E.....	E.2-32
Expected Outcome	E.2-32
Bypass Reach Water Quality.....	E.2-32
Potential Impact	E.2-32
Proposed PM&E.....	E.2-32
Expected Outcome	E.2-32
Total Dissolved Gas	E.2-33
Potential Impact	E.2-33
Proposed PM&E.....	E.2-33
Expected Outcome	E.2-33
Erosion Control and Sediment Contamination.....	E.2-33
Potential Impact	E.2-33
Proposed PM&Es	E.2-33
Expected Outcome	E.2-34
E.2.9 Summary of Consultation	E.2-34

SUBPART E.3 — FISH, WILDLIFE & BOTANICAL RESOURCES	E.3-1
E.3.1 Introduction	E.3-1
E.3.2 Fish & Aquatic Resources.....	E.3-1
E.3.2.1 Existing Conditions.....	E.3-1
Description of Project Vicinity	E.3-2
Fish Abundance and Distribution	E.3-2
Upstream of Enloe Dam.....	E.3-4
Downstream of Enloe Dam	E.3-8
Life History Timing for Key Fish Species	E.3-13
Fisheries Management Framework.....	E.3-15
U.S. Fish & Wildlife Service and the National Oceanic & Atmospheric Administration Fisheries	E.3-15
U.S. Bureau of Land Management.....	E.3-15
Washington Department of Fish & Wildlife.....	E.3-15
Washington Department of Ecology.....	E.3-15
Washington Department of Natural Resources	E.3-15
Colville Confederated Tribes Fish & Wildlife Division.....	E.3-16
Fisheries Resource Management Plans	E.3-16
The Okanogan River Watershed Management Plan	E.3-16
Okanogan Subbasin Plan	E.3-16
Okanogan System Steelhead and Chinook Hatchery and Genetic Management Plans ..	E.3-16
State and Tribal Hatchery Facilities	E.3-17
Threatened, Endangered and Sensitive Species in the Project Vicinity	E.3-17
Upstream of Similkameen Falls.....	E.3-17
Downstream of Similkameen Falls.....	E.3-18
Habitat	E.3-19
Habitat Use	E.3-19
Downstream of Similkameen Falls.....	E.3-19
Habitat Type and Quality.....	E.3-20
Reservoir	E.3-20
Downstream of Similkameen Falls.....	E.3-20
Water Quality Habitat Parameters.....	E.3-22
E.3.2.2 Impacts.....	E.3-23
Construction Impacts	E.3-23
Sediment	E.3-23
Blasting	E.3-24
Operational Impacts	E.3-24

Reservoir Impacts	E.3-24
Bypass Reach Impacts	E.3-29
Powerhouse and Tailrace Impacts	E.3-29
Downstream Impacts	E.3-30
E.3.2.3 Protection, Mitigation and Enhancement Measures	E.3-31
Sediment Impacts During Construction	E.3-32
Potential Impact	E.3-32
Proposed PM&E.....	E.3-32
Expected Outcome	E.3-32
Operational Impacts Associated with Sediment	E.3-32
Potential Impact	E.3-32
Proposed PM&E.....	E.3-32
Expected Outcome	E.3-33
Blasting During Construction	E.3-33
Proposed PM&E.....	E.3-33
Expected Outcome	E.3-33
Operational Impacts Upstream of the Dam - Inundation of Riverine Habitat	E.3-34
Potential Impact	E.3-34
Proposed PM&E.....	E.3-34
Expected Outcome	E.3-34
Operational Impacts Upstream of the Dam - Large Woody Debris	E.3-34
Potential Impact	E.3-34
Potential PM&E	E.3-34
Expected Outcome	E.3-34
Operational Impacts at the Project Powerplant - Entrainment of Fish at the Project Intake .	E.3-35
Potential Impact	E.3-35
Proposed PM&E.....	E.3-35
Expected Outcome	E.3-36
Operational Impacts Upstream of the Dam – Loss of Fish to Reservoir Population.....	E.3-36
Potential Impact	E.3-36
Proposed PM&E.....	E.3-36
Expected Outcome	E.3-37
Operational Impacts Upstream of the Dam - Riparian Vegetation	E.3-37
Potential Impact	E.3-37
Proposed PM&E.....	E.3-37
Expected Outcome	E.3-37
Powerhouse and Tailrace Impacts	E.3-37

Potential Impact	E.3-37
Proposed PM&E.....	E.3-38
Expected Outcome	E.3-38
Downstream Impacts - Instream Flows	E.3-38
Potential Impact	E.3-38
Proposed PM&E.....	E.3-39
Expected Outcome	E.3-39
Downstream Impacts - Protection of Habitat Downstream of Similkameen Falls	E.3-39
Potential Impact	E.3-39
Proposed PM&E.....	E.3-39
Expected Outcome	E.3-39
Downstream Impacts - Bypass Reach Impacts	E.3-39
Potential Impact	E.3-39
Proposed PM&E.....	E.3-40
Expected Outcome	E.3-40
Downstream Impacts - Fisheries Enhancement Projects	E.3-40
Potential Impact	E.3-40
Fish Enhancement Project 1: Side Channel Development/ Enhancement.....	E.3-40
Fish Enhancement Project 2: Gravel Supplementation.....	E.3-41
Expected Outcome	E.3-41
Adaptive Management Plan (AMP)	E.3-42
Potential Impact	E.3-42
Proposed PM&E.....	E.3-42
Expected Outcome	E.3-42
E.3.2.4 Consultation Summary.....	E.3-42
E.3.3 Wildlife Resources	E.3-44
E.3.3.1 Existing Conditions.....	E.3-45
General Wildlife and Game Species	E.3-45
Sensitive Species.....	E.3-46
Bald Eagle	E.3-46
E.3.3.2 Impacts.....	E.3-51
E.3.3.3 Protection, Mitigation and Enhancement Measures	E.3-55
Wildlife	E.3-55
Potential Impact	E.3-55
Proposed PM&Es	E.3-55
Abandoned Road	E.3-55
Transmission Line Poles.....	E.3-55

Expected Outcome	E.3-55
E.3.3.4 Consultation Summary.....	E.3-55
E.3.4 Botanical Resources.....	E.3-56
E.3.4.1 Existing Conditions.....	E.3-56
Vegetation Communities.....	E.3-56
Shrub-Steppe.....	E.3-61
Upland Meadow	E.3-62
Riparian Forest	E.3-62
Riparian Shrub	E.3-62
Herbaceous Wetland.....	E.3-62
Unvegetated Habitats	E.3-63
Developed	E.3-63
Sensitive Species.....	E.3-63
E.3.4.2 Impacts.....	E.3-64
Access Road Construction.....	E.3-64
Powerhouse Construction	E.3-64
Powerhouse Operation.....	E.3-64
Crest Gate Operation.....	E.3-65
E.3.4.3 Protection, Mitigation & Enhancement Measures	E.3-65
Issue: Effects of Water Elevation Changes and Sediment Management on Riparian Vegetation	E.3-65
Potential Impact	E.3-65
Proposed PM&Es	E.3-65
Expected Outcome	E.3-66
Issue: Disturbance of Vegetation Resulting from Construction, Road Grading and Grounds Maintenance	E.3-66
Potential Impact	E.3-66
Proposed PM&Es	E.3-66
Expected Outcome	E.3-68
E.3.4.4 Consultation Summary.....	E.3-68
 SUBPART E.4 — REPORT ON HISTORICAL AND ARCHAEOLOGICAL RESOURCES	 E.4-1
E.4.1 Introduction	E.4-1
Regulatory Compliance.....	E.4-1
Consulting Parties (Cultural Resources Work Group)	E.4-2
Historical Resources Options	E.4-2
APE, Research, and Field Investigations	E.4-2
E.4.2 Description of Historical Resources.....	E.4-6

E.4.2.1	National Register Sites.....	E.4-7
E.4.2.2	Impacts.....	E.4-9
	Construction Impacts.....	E.4-13
	Operation Impacts.....	E.4-13
E.4.2.3	Protection, Mitigation & Enhancement Measures	E.4-14
	Issue: Enloe Dam and Powerhouse and Associated Objects and Structures.....	E.4-14
	Potential Impact	E.4-14
	Proposed PM&Es	E.4-14
	Expected Outcome	E.4-14
	Issue: Development of Historic Properties Management Plan (HPMP).....	E.4-15
	Potential Impact	E.4-15
	Proposed PM&Es	E.4-15
	Expected Outcome	E.4-15
E.4.3	Description of Archaeological Resources.....	E.4-15
E.4.3.1	National Register Sites.....	E.4-16
E.4.3.2	Impacts.....	E.4-17
	Construction Impacts	E.4-18
	Operation Impacts	E.4-18
E.4.3.3	Protection, Mitigation & Enhancement Measures	E.4-18
	Issue: Archaeological Resources Along the Reservoir Shoreline.....	E.4-18
	Potential Impact	E.4-18
	Proposed PM&Es	E.4-19
	Expected Outcome	E.4-19
	Issue: Ground Disturbing Activities Due to Construction Near NHRP-Eligible Archaeological Sites	E.4-19
	Potential Impact	E.4-19
	Proposed PM&Es	E.4-19
	Expected Outcome	E.4-19
	Issue: Archaeological Resources Along the Access Road	E.4-19
	Potential Impact	E.4-19
	Proposed PM&Es	E.4-19
	Expected Outcome	E.4-20
	Issue: Unidentified Archaeological Sites and TCPs.....	E.4-20
	Potential Impact	E.4-20
	Proposed PM&Es	E.4-20
	Expected Outcome	E.4-20
E.4.4	Consultation Summary.....	E.4-20

SUBPART E.5 — REPORT ON SOCIAL ECONOMIC RESOURCES E.5-1

 E.5.1 Introduction E.5-1

 E.5.2 Socioeconomic Impact Area E.5-1

 Labor Force and Employment E.5-1

 Unemployment..... E.5-2

 Population E.5-3

 Personal Income Trends E.5-5

 E.5.3 Manpower Requirements E.5-6

 Construction Payroll E.5-7

 Construction Personnel E.5-8

 E.5.4 In-Migration Impacts E.5-8

 Housing E.5-9

 Displacement E.5-10

 E.5.5 Fiscal Impact Analysis E.5-10

SUBPART E.6 — GEOLOGICAL AND SOIL RESOURCES E.6-1

 E.6.1 Introduction..... E.6-1

 E.6.2 Geology E.6-1

 Regional Setting..... E.6-1

 E.6.3 Project Area Geology E.6-2

 Active Mining Operations..... E.6-8

 E.6.4 Soils E.6-8

 E.6.5 Geologic Hazards..... E.6-13

 E.6.6 Project-Related Impacts..... E.6-14

 E.6.7 Protection, Mitigation & Enhancement Measures E.6-15

 Issue: Erosion May Occur During Construction E.6-15

 Potential Impact E.6-15

 Proposed PM&Es E.6-15

 Expected Outcome E.6-15

 E.6.8 Consultation Summary E.6-15

SUBPART E.7 — RECREATIONAL RESOURCES E.7-1

 E.7.1 Introduction E.7-1

 E.7.2 Existing Recreational Resources, Access, and Use E.7-1

 Federally-Designated Lands E.7-1

 Existing Recreational Resources E.7-2

 Recreational Resources within the Project Boundary E.7-2

Recreational Resources Outside of the Project Boundary E.7-3

Great Northern Railroad Corridor and Pacific Northwest Trail E.7-7

Greater Columbia Water Trail..... E.7-8

Public Access and Shoreline Buffer Zones E.7-9

 Public Access..... E.7-9

 Shoreline Area..... E.7-9

Recreational Use E.7-10

 Existing Recreational Use E.7-10

 Assessing Recreational Use..... E.7-11

 Levels of Use..... E.7-12

 Origin of Recreational Users E.7-13

 Popular Activities in the Project Area..... E.7-13

 Boating and Floating E.7-14

 Camping E.7-14

 Fishing..... E.7-14

 Gold Prospecting E.7-15

 Hunting E.7-15

 Sightseeing E.7-16

 Swimming..... E.7-16

 Potential Recreational Use E.7-16

E.7.3 Protection, Mitigation & Enhancement Measures..... E.7-17

 Agency Recommendations E.7-17

 Proposed Recreation Plan..... E.7-19

 Road Access to Enloe Dam and Immediate Vicinity..... E.7-19

 Potential Impact..... E.7-19

 Proposed PM&E E.7-19

 Expected Outcome E.7-23

 Limited Public Access at Enloe Dam and Lower Impoundment..... E.7-23

 Expected Outcome E.7-24

 Access to the River Corridor Below Enloe Dam (East Bank) E.7-24

 Potential Impact: E.7-24

 Proposed PM&E E.7-24

 Expected Outcome E.7-25

 Access to the River Corridor from the West Bank E.7-25

 Potential Impact..... E.7-25

 Proposed PM&E E.7-25

 Expected Outcome E.7-25

Displacement of Uses Due to Increase in Inundated Area and Access Restrictions..... E.7-26

 Potential Impact..... E.7-26

 Proposed PM&E E.7-26

 Expected Outcome E.7-29

Illegal Trash Dumping..... E.7-29

 Potential Impact..... E.7-29

 Proposed PM&Es..... E.7-29

 Expected Outcome E.7-29

Potential Changes in Type and Intensity of Recreational Use..... E.7-29

 Potential Impact..... E.7-29

 Proposed PM&Es..... E.7-29

 Expected Outcome E.7-30

Explanation of Differences Between Proposed Recreation Plan and BLM Recommendations
..... E.7-30

E.7.4 Recreation Consultation Summary E.7-32

 Background E.7-32

 Bureau of Land Management E.7-32

 National Park Service E.7-33

 Washington Department of Natural Resources E.7-33

 Washington State Interagency Committee for Outdoor Recreation E.7-33

 Okanogan County Office of Planning and Development..... E.7-34

SUBPART E.8 — AESTHETIC RESOURCES E.8-1

 E.8.1 Introduction E.8-1

 E.8.2 Description of Existing Character E.8-2

 Visual Resources Inventory Methodology..... E.8-3

 Inventory of Enloe Dam Project Area E.8-3

 Scenic Quality Evaluation E.8-3

 Sensitivity Level Analysis E.8-4

 Delineation of Distance Zones..... E.8-4

 Visual Resources Classes and Objectives E.8-5

 Summary E.8-5

 Analysis of Enloe Dam Project Area E.8-5

 Existing Power Generation Equipment and Buildings..... E.8-5

 Project Modifications to Existing Aesthetic Resources..... E.8-6

 Specific Project Features: Landform and Water E.8-8

 Specific Project Features: Vegetation. E.8-8

Specific Project Features: Structures..... E.8-8

VRM Objectives E.8-9

Visual Simulations..... E.8-15

E.8.3 Anticipated Impacts..... E.8-23

 Contrast Rating for Project Alternatives E.8-24

E.8.4 Protection, Mitigation & Enhancement Measures..... E.8-24

 Issue: The Original Enloe Powerhouse is Deteriorating and Has Been Vandalized E.8-25

 Potential Impact E.8-25

 Proposed PM&Es E.8-25

 Expected Outcome E.8-25

 Issue: Short-term Visual Impacts During Project Construction..... E.8-26

 Potential Impact E.8-26

 Proposed PM&Es E.8-26

 Expected Outcome E.8-26

 Issue: Moderate Visual Effects to Recreational Users Below Enloe Dam..... E.8-26

 Project Impact..... E.8-26

 Proposed PM&Es E.8-26

 Expected Outcome E.8-26

E.8.5 Consultation Summary..... E.8-26

SUBPART E.9 — LAND USE E.9-1

E.9.1 Introduction E.9-1

 FERC Project Boundary..... E.9-1

 Consulting Parties..... E.9-2

E.9.2 Existing Land Use..... E.9-5

 Project Vicinity..... E.9-5

 Project Area..... E.9-5

 Land Ownership..... E.9-5

 Land Use E.9-9

 Access..... E.9-9

 Grazing E.9-9

 Irrigation Withdrawal..... E.9-9

 Recreation E.9-9

 Wetlands E.9-10

 Floodlands E.9-10

 Prime and Unique Farmlands E.9-10

E.9.3 Proposed Land Use E.9-10

Hydropower Generation..... E.9-10

Grazing..... E.9-13

Irrigation Withdrawal E.9-13

Recreation..... E.9-13

Access E.9-13

E.9.4 Protection, Mitigation & Enhancement Measures..... E.9-14

 Bureau of Land Management..... E.9-14

 Washington Department of Natural Resources E.9-14

 Oroville-Tonasket Irrigation District..... E.9-14

E.9.5 Consultation Summary..... E.9-14

SUBPART E.10 — ALTERNATIVESE.10-1

E.10.1 Alternative Sites Considered E.10-1

 Water Quality..... E.10-1

 Fisheries E.10-2

 Cultural Resources..... E.10-2

 Recreational Resources..... E.10-3

 Aesthetic Resources E.10-3

E.10.2 Alternative Facility Designs, Processes, and Operations Considered..... E.10-4

 Streamflow Downstream of Enloe Dam E.10-7

 Water Level in Enloe Reservoir E.10-7

 Water Quality and Fisheries..... E.10-9

 Fisheries E.10-9

 Riparian & Wetlands..... E.10-9

 Cultural Resources..... E.10-9

 Recreational Resources..... E.10-10

E.10.3 Alternative Electric Energy Sources Considered..... E.10-10

 Gas-Fired Combined Cycle Equivalent Emissions..... E.10-10

 Coal-Fired Equivalent Emissions..... E.10-11

E.10.4 Consequences of License Denial E.10-12

 Water Use and Quality..... E.10-12

 Fish E.10-12

 Botany..... E.10-12

 Wildlife E.10-13

 Cultural Resources..... E.10-13

 Historical Resources..... E.10-13

 Archaeological Resources..... E.10-13

Socio-Economic Impacts..... E.10-14
Geological and Soil Resources E.10-14
Recreational Resources..... E.10-14
Aesthetic Resources E.10-15
Land Use..... E.10-15

SUBPART E.11 — LITERATURE CITED E.11-1

LIST OF TABLES

Table B-1:	Characteristic Similkameen River Flows at Nighthawk	B-11
Table B-2:	Comparison of Annual 7-Day Low Flows for Pre and Post 1974	B-12
Table B-3:	Reservoir Volumes for Existing and Proposed Conditions.....	B-15
Table B-4:	Enloe Hydroelectric Project Hydraulic Capacity, Plant Efficiency & Generator Output .	B-16
Table B-5:	Historical District Load (aMW).....	B-19
Table B-6:	Projected District Load (aMW)	B-20
Table D-1	Restoration of Enloe Hydroelectric Project Preliminary Construction Cost Estimate.....	D-2
Table D-2	Enloe Hydroelectric Project Annual Costs (2007 \$).....	D-2
Table D-3	Mid-Columbia Projected Average Prices.....	D-5
Table D-4	Restoration of Enloe Hydroelectric Project Total Value of Project Power.....	D-6
Table E.2-1	Summary of Similkameen River Flows at USGS Nighthawk Station, 1929-2005.....	E.2-2
Table E.2-2	Similkameen River Water Rights	E.2-4
Table E.2-3	Enloe Reservoir Characteristics at Existing and Proposed Operations and Spills	E.2-5
Table E.2-4	Summary of Total Dissolved Gas Measurements.....	E.2-20
Table E.2-5	Summary of Preliminary Enloe Dam Sediment Trace Metals Results (mg/kg).....	E.2-26
Table E.2-6	Summary of Preliminary Enloe Dam Sediment Elutriate Results (µg/L)	E.2-29
Table E.3-1	Resident Fish Species Documented in the Vicinity of Enloe Dam in Three Separate Studies	E.3-3
Table E.3-2	Fish Species Collected in the Enloe Reservoir During the Summers of 2006 and 2007 (ENTRIX 2007a)	E.3-7
Table E.3-3	Fish Species Observed by Reach (River Mile) Downstream of Enloe Dam During the Summer of 2006 (ENTRIX 2007).....	E.3-11
Table E.3-4	Seasonal Activity (Phenology) of Anadromous Fish Species in the Vicinity of the Enloe Hydroelectric Project	E.3-13
Table E.3-5	Seasonal Activity (Phenology) of Several Resident Fish Species with Potential Recreational or Cultural Significance in the Vicinity of the Enloe Hydroelectric Project	E.3-14
Table E.3-6	Estimated Non-Salmonid Survival through Proposed Turbines (ENTRIX 2006a)	E.3-27
Table E.3-7	Estimated Salmonid Survival through Proposed Turbines (ENTRIX 2006a).....	E.3-28
Table E.3-8	Bald Eagles Observed on the Similkameen River below (-) and above (+) Enloe Dam to Palmer Lake, 2006.....	E.3-47
Table E.3-9	Vegetation Communities/Habitats in the Project Area.....	E.3-61

Table E.4-1	Inventoried Historical Resources	E.4-6
Table E.4-2	Impacts to Eligible/NRHP-Listed Historic Resources.....	E.4-13
Table E.4-3	Inventoried Archaeological Resources	E.4-16
Table E.4-4	Project Impacts Upon Eligible/NRHP Listed Archaeological Sites	E.4-17
Table E.5-1	Okanogan County Major Employers and Number of Employees (2003).....	E.5-2
Table E.5-2	Unemployment Rates	E.5-2
Table E.5-3	Population Density for Washington and Okanogan County.....	E.5-3
Table E.5-4	Population Change and Racial Composition for Washington and Okanogan County....	E.5-4
Table E.5-5	Population Change and Racial Composition for Washington, Okanogan County, and Selected Cities	E.5-4
Table E.5-6	Housing and Housing Vacancies for Okanogan County and Selected Communities within Project Impact Area	E.5-9
Table E.6-1	Lithological Units in the Vicinity of the Enloe Impoundment.....	E.6-7
Table E.6-2	Soil Units in the Vicinity of the Enloe Impoundment	E.6-10
Table E.7-1	Estimate of User Days by Month—Project Area	E.7-12
Table E.7-2	Estimate of User Days by Type of Day—Project Area	E.7-13
Table E.7-3	Similkameen River Sport Angler Steelhead Harvest	E.7-15
Table E.7-4	Estimated Future Recreation Days—Project Area.....	E.7-17
Table E.7-5	Estimated Future Overnight Visits—Project Area	E.7-17
Table E.7-5	Comparison of Proposed Recreation Plan and BLM Recommendations	E.7-31
Table E.8-1	Constrast Rating for Key Observation Points (KOP) Proposed Project.....	E.8-24
Table E.9-1	Ownership of Land within FERC Boundary	E.9-6
Table E.10-1	Equivalent Gas-Fire Combined Cycle Emissions	E.10-11
Table E.10-2	Equivalent Coal-Fired Emissions.....	E.10-11

LIST OF APPENDICES

Appendix B.1	Monthly Exceedence Charts
Appendix D.1	Environmental Protection, Mitigation, & Enhancement Measures Summary Table
Appendix E.2.1	Technical Memorandum for Water and Sediment Quality Study Appendix A: Temperature and Dissolved Oxygen Profile Measurements Appendix B: 7-DADMax Temperatures in the Similkameen River Appendix C: Total Dissolved Gas Near Enloe Dam Appendix D: Laboratory Data for Bulk Sediment and DRET Analyses Appendix E: Enloe Dam Data Quality Review Technical Memorandum
Appendix E.3.1	Technical Memorandum for Fisheries Study
Appendix E.3.2	Technical Memorandum for Vegetation/Habitat Mapping
Appendix E.3.3	Technical Memorandum for Riparian Vegetation Study
Appendix E.3.4	Technical Memorandum for Special Status Plants Study
Appendix E.4.1	Historic American Engineering Record
Appendix E.6.1	Soils Characteristics
Appendix E.6.2	Technical Memorandum Bank Stability and Erosion Assessment Appendix A: Photolog
Appendix E.6.3	Technical Memorandum for Pool Hydraulics, Sediment Balance and Sediment Transport Study
Appendix E.6.4	Storm Water Pollution Prevention Plan
Appendix E.7.1	Technical Memorandum for Recreational Use Survey
Appendix E.7.2	BLM Recommendations
Appendix E.8.1	Technical Memorandum for Visual Resources
