| <b>Item No.</b>  | <b>Description</b>             | <b>No. of Units</b> | <b>Unit Price (each)</b> | <b>Extended Price</b> |
|------------------|--------------------------------|---------------------|--------------------------|-----------------------|
| 1                | 12/16/20 MVA Power Transformer | 6                   |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
|                  |                                |                     |                          |                       |
| <b>Bid Total</b> |                                |                     |                          |                       |

**Bid Evaluations:**

Bids will be evaluated on:

- Manufacturers ability to comply with all Specifications
- Delivery Time
- Bid Total

**Discrepancy in Unit Prices:**

Where the unit prices in the Contractor’s Proposal are separated into three columns designated as “No. of Units”, “Unit Price” and “Extended Price”, and where a discrepancy appears between the sum shown in the “Extended Price” column and the correct addition of the sums appearing in the “No. of Units” column and the “Unit Price” column, the correct addition of the sums appearing in the “No. of Units” column and the “Unit Price” column shall control. Similarly, the quantities appearing in the “No. of Units” column multiplied by the correct addition of the sums in the “Unit Price” column shall control the amounts appearing in the “Extended Price” column. Likewise, the correct extensions shall control the amounts appearing in the “Bid Total” line. No. of Units are the District’s estimates and may differ from the number of units actually used or involved in the Project.
